CHRISTMAS IN ITALIAN

Here, in this region of Tuscany, around the lagoon of Orbetello, the Argentario coastline looks over the islands and the hinterland of Maremma...
When suddenly the deep blue of the Mediterranean creates a wonderful contrast to the different greens of the vegetation and warm reds of Tuscan soil...

... it is Christmas ...

...This is a magic moment to learn Italian and discover the culture, because the „Italian way of life“ takes on a special significance:
the noise of the city fades,
the rhythm of life invites conversation,
the atmosphere kindles a new awakening to the Italian experience

A mild climate and sunny days will accompany us on our journey throughout the Tuscan Maremma.

It is possible to book a course for one, two or three weeks.
Possible starting dates are: 12th, 19th and 26th of December 2011
